

Melton Local Plan Evidence Already Considered by Full Council

Local Plan Evidence	Melton Summary	Full Council
Leicester and Leicestershire Strategic Housing Market Assessment 2014	Assesses the housing market and identifies an objective assessment of housing need for the Borough of 245 dwellings a year between 2011 and 2036.	16/07/14
Leicester and Leicestershire Strategic Housing Market Area Memorandum of Understanding	Statement agreed by all Leicestershire Authorities which states that each will be able to meet the need for homes in their areas which have been identified through the Strategic Housing Market Assessment. 2014	18/09/14
Landscape Capacity and Sensitivity Study	Study which assesses the capacity and sensitivity of the landscape to wind energy developments.	15/10/14
Transport Modelling: Melton Mowbray Cumulative Development Transport Impact Study	First stage of transport modelling which tested the cumulative impact of current large scale development proposals adjoining Melton Mowbray.	16/12/14
Leicester and Leicestershire Strategic Distribution Study	Study which considers the potential for growth in the logistics sector in Leicestershire. Whilst the study does not identify any large scale development needed from this sector in the Borough, due to relationship with the M1/A1 corridor and wider Leicestershire opportunities, it suggest a small scale development opportunities and identifies implications from growth in this sector in neighbouring areas.	04/02/15
Melton Strategic Housing Land Availability Assessment 2014/15 Update and methodology for site selection	Annual update incorporating new sites as a result of the call for sites accompanying the Local Plan Issues and Options. Also included an approach to selecting sites through the Local Plan process.	25/02/15
Transport Modelling: Transport and New Development Position Statement	Detailed assessment of the make-up of traffic moving in and around the town and using the main routes through it. Work summarised the Melton Transport and New Development Position Statement	22/04/15
