

## Anti-Money Laundering Policy

### 1.0 Introduction

- 1.1 Melton Borough Council will do all it can to prevent the Council and its staff being exposed to money laundering, to identify the potential areas where it may occur, and to comply with all legal and regulatory requirements, especially in the proper reporting of actual or suspected cases.
- 1.2 Money laundering is widely defined as 'possessing, concealing, disguising or in any way dealing with the proceeds of any crime by any person known or unknown'. The Money Laundering Regulations 2007 and the Proceeds of Crime Act 2002 broadened the definition of money laundering and increased the range of activities covered by the statutory framework.
- 1.3 This policy has been written to enable the Council to meet its legal requirements in a proportionate manner. It is recognised that the majority of money laundering activity in the United Kingdom falls outside of the public sector but vigilance by employees of the Council can help to identify those who are or may be perpetrating crimes relating to the financing of terrorism and money laundering.
- 1.4 This policy should be read in conjunction with the supporting Employee Guidance [LINK].

### 2.0 SCOPE

- 2.1 This protocol therefore applies to **all** Melton Borough Council employees, Members, temporary and agency staff, volunteers, contractors, agents, consultants and partners acting on the Council's behalf, all of whom could potentially contravene the money laundering regulations.
- 2.2 The policy serves to protect the Council's employees by making them aware of their personal obligations and by providing them with a mechanism to raise any concerns. Failure to comply with the procedures set out in the policy may lead to disciplinary action.

### 3.0 Definition

- 3.1 Money laundering is defined as:
- concealing, disguising, converting, transferring criminal property or removing it from the UK (section 327 of the Proceeds of Crime Act 2002);
  - entering into or becoming concerned in an arrangement which you know or suspect facilitates the acquisition, retention, use or control of criminal property by or on behalf of another person (section 328 of the Proceeds of Crime Act 2002);
  - acquiring, using or possessing criminal property (section 329 of the Proceeds of Crime Act 2002); or
  - becoming concerned in an arrangement facilitating concealment, removal from the jurisdiction, transfer to nominees or any other retention or control of terrorist property (section 18 of the Terrorism Act 2000).

- 3.2 Effectively, money laundering is the term used for disguising criminally sourced cash or property in order to give the appearance of legitimacy. This is done by mixing the criminal transactions with the legitimate transactions of businesses.
- 3.3 Potentially any individual could contravene the money laundering provisions if they know of or suspect money laundering and either become involved with it in some way and/or do not report it.
- 3.3 In addition, there is an offence of 'Tipping off' - this is where someone informs a person or people who are, or who are suspected of being, involved in money laundering in such a way as to reduce the likelihood of their being investigated or prejudicing an investigation (section 342 of the Proceeds of Crime Act 2002).
- 3.4 Whilst the risk to the Council of contravening the legislation is low because the Council does not deal in substantial cash transactions, it is **extremely important that all employees are familiar with their legal responsibilities**, as serious criminal sanctions may be imposed for breaches of the legislation. The key requirement on employees is to promptly report any suspected money laundering activity to the nominated Money Laundering Reporting Officer.

#### **4.0 The Council's Obligations**

4.1 To comply with its statutory obligations the Council has:

- Appointed a Money Laundering Reporting Officer (MLRO) to receive disclosures about money laundering concerns. The Council's MLRO is the **Head of Central Services**. Their contact details can be found in the Anti-Money Laundering - Employee Guidance.

In the absence of the Head of Central Services, any concerns should be promptly referred to the **Central Services Manager**, as deputy MLRO, who will ensure appropriate steps are taken to review and report the matter.

- Implemented a procedure for the reporting of money laundering suspicions. This has been communicated to its employees through this policy and its supporting Employee Guidance.

#### **5.0 Prevention**

5.1 The Council discourages cash payments and offers alternative payment methods but in certain circumstances will take cash payments e.g. where rejecting a cash payment is likely to increase the risk of non-payment of debt. However, it will not accept **cash payments** in excess of £1,000. Payees should be asked to pay any sums owed to the Council in excess of £1,000 by cheque or other financial instrument. The only exception to this limit can be payment of eviction arrears, which must be handled in accordance with the Council's 'Cash Handling – Evictions' procedures.

- 5.2 Where the Council is dealing with a **new customer/client** steps should be taken to confirm the identity of that customer/client where the Council:
- intends to form an ongoing business relationship with the customer/client; or
  - undertakes a one-off transaction involving payment by or to the customer/client of £10,000 or more; or
  - undertakes a series of linked one-off transactions involving total payment by or to the customer/client of £10,000 or more; or
  - it is known or suspected that a one-off transaction (or a series of them) involves money laundering.
- 5.3 It is the responsibility of the service building the relationship with the customer/client to obtain satisfactory evidence of identity. Written instructions at the outset of the matter on either the organisation's official letterhead, or an email from the organisation, would be appropriate evidence of identity.
- 5.4 If the identity is not confirmed in this way the business relationship or transaction **should not proceed**.

## **6.0 Disclosure**

- 6.1 Where an individual knows or suspects that money laundering is taking place or has taken place, they **must** immediately contact the MLRO – a template form is provided in Appendix A to this policy. The provisions of the Act mean that failure to notify the MLRO immediately could potentially result in the employee being prosecuted.
- 6.2 Once the individual has reported the matter to the MLRO they **must not** make any further enquiries into the matter and must not take any further steps in any related transaction without authorisation from the MLRO.
- 6.3 Under no circumstances should an individual voice any suspicions to the person(s) suspected of money laundering or discuss this with others.
- 6.4 Employees should not make any reference on a client file to a report having been made to the MLRO.
- 6.5 Where there is evidence of money laundering, the MLRO or deputy will disclose the matter as soon as practicable to the National Crime Agency (NCA). Further details can be found in the Employee Guidance.
- 6.6 The MLRO or deputy must, if they so determine, promptly report the matter to NCA on their standard report form and in the prescribed manner. Up to date forms can be downloaded from the NCA website at [www.nationalcrimeagency.gov.uk](http://www.nationalcrimeagency.gov.uk).
- 6.7 The MLRO will commit a criminal offence if they know or suspect, or have reasonable grounds to do so, through a disclosure being made to them, that another person is engaged in money laundering and they do not disclose this as soon as practicable to the NCA.

## **7.0 Guidance and Training**

7.1 In support of the policy and procedure, the Council will:

- make all staff aware of the requirements and obligations placed on the Council and on themselves as individuals by the anti-money laundering legislation through the publicising and availability of this policy and supporting guidance; and
- give targeted training to those most likely to encounter money laundering as part of their role with the Council.

## **8.0 Conclusion**

8.1 Given the nature the Council's activities and who it can provide services for, instances of suspected money laundering should pose a low risk. However, all individuals working for the Council must be aware of their responsibilities in reporting any concerns and remain vigilant.

8.2 Please take prompt and proper action if you have any suspicions and feel free to consult the MLRO (Head of Central Services) at any time should you be concerned with any issues relating to money laundering.
