

Consultation Questions on Priority Actions

Strategic Priority One: A productive economy with innovative and high performing businesses

Do you agree that the actions identified will deliver the outcomes? If no, please explain.

Are there any key actions missing that you consider will be important to deliver the outcomes? Please explain.

Do you consider all the actions identified to be feasible? If you feel some actions are not feasible, please identify these actions and explain why.

Do you think some actions should be removed from the list? Please explain.

If the Partnership had to focus its intervention on one of the outcomes (1.1 to 1.6) for this strategic priority, which one should this be?

Given the likelihood of diminishing resources we are unlikely to be able to support every action. What criteria do you feel we should use to make choices and priorities?
