

MELTON BOROUGH COUNCIL SCRUTINY WORKPLAN 2020/21

SCRUTINY REVIEWS

These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. There should only be a maximum of three reviews considered annually and review topics may be changed throughout the year as topical issues arise. Once considered, these issues will be subject to further development and scoping.

Should there not be sufficient capacity to cover items which are brought to the attention of Scrutiny they could instead be addressed through a “one-off” item at a scheduled meeting of the Committee.

Suggested Topics	Officer and Member Lead	Date	Notes	Requested by (Member)/ Date agreed for addition by Scrutiny Chairman	Portfolio Holder/Chief Officer consulted on date of report

What is a Work Plan?

The Scrutiny Work Plan outlines the areas of work which are expected to be scrutinised over the coming months/year by or on behalf of the Council's Scrutiny Committee and any Working Groups convened for review work.

Topics added to the work plan should have expected outcomes to add value to the services delivered by the Council and its partners and/or improve the quality of lives of Melton's residents.

It is recognised that there is a need for flexibility in the work plan so as to allow relevant issues to be dealt with as and when they arise.

Sources of Work Plan Ideas

Numerous sources of information can help to inform topic selection, including:

- Concerns that have been raised by the public relating to Council delivered services
- Issues of community concern – not necessarily services delivered by the Council
- Issues that have been flagged up by reviews, audits or inspections (past and present).
- Issues relating to Councils outcomes, objectives and priorities
- Consultations and interviews
- Underperformance
- "Stakeholders" concerns – raised by the Council's partners or the users of services
- Partnership objectives
- Cabinet Members, Chief Executive or Directors presentations about the pertinent issues that are emerging and any opportunities or threats on the horizon
- Central government priority changes
- Improvement Plans
- Forward Plan
- Budgetary analysis.

Scrutiny is also encouraged to think about external Scrutiny and the monitoring of other public bodies, and how its activities will engage partner organisations, the media and the public.

Selecting a Work Plan Topic

The Scrutiny Committee should use effective processes to select topics that will contribute towards the best possible workplan for Scrutiny. This means looking at the sources of information that may help and using them to choose the right topics.

This involves:

- Drawing out and discussing what matters most to Councillors and to the community at large
- Finding out about any research that has been completed or that is planned
- Prioritising topics
- Considering what added value is expected as a result of Scrutiny involvement
- Considering whether the topic is already being reviewed elsewhere

It is also important to note that Scrutiny has limited time and resources and therefore workplans need to be manageable. It is not possible to include every topic suggested by Members, Directors or the Public in the workplan. In addition Officer capacity may be diverted from projects if a review is added to the workplan without considering the impact on Officer resource and this should be a consideration in adding to workplans.

Successful Scrutiny is about looking at the right topic in the right way and Members will need to be selective whilst also being able to demonstrate clear arguments in favour of including or excluding topics.

Risks

A common pitfall for Scrutiny can be the inclusion of topics on the work plan that are unmanageable, of limited interest to the community, purely for informational purposes, have few outcomes and fail to 'add value' to the work of the Council or the wellbeing of the community. As such the selection and prioritisation of topics is critical to the effectiveness of Scrutiny as such processes can ensure clearer focus, particularly in poor or weak areas of performance or major issues of concern to the wider community.
