

**RE: Noisily Festival Ltd**, Terrace Hills Farm, Eastwell Road, Knipton,  
Granth

I wish to object to the above event due to:

wildlife disturbance - there are barn owls in the area which are endangered

litter - the council will have a lot of clearing up to do. Who will pay for this? Will it ever get cleaned up with a shortage of staff?

traffic - roads will struggle to cope with the excess parking on road verges which is dangerous for road users.

noise - the festival is far too long in duration and will be a significant noise pollutant for residents
