Hi Sarah,

Further to our conversation yesterday, please find below emails exchanged with Mr Pape last week in relation to this representation.

Kind regards,

Felicity

Hello Robin.

Thanks for coming back to me.

As the event is still 9 months away we are still in the process of making concrete decisions on the best way to mitigate the issues. This process can take a little while, although now that we have your specific objection we will be looking at how to help the best way we can. As I said before, we are willing to have a discussion, if that is something that you would want, please contact us through this number [REDACTED]

Thanks again.

Ellie

Thanks for your email.

Now that you have seen our concerns set out in our representation, do you have concrete proposals which would mitigate these issues as the basis for a discussion?

Regards

Robin Pape

Hello Robin,

I am emailing to let you know that we have received your objection for Forbidden Forest 2023. We are more than happy to come and meet with you to talk through the event and your worries. The event manager - Simon Oates is also willing to have a phone call conversation with you also to discuss.

If this is something you would find beneficial please let me know a contact number for yourself or ring the event manager on the following number [REDACTED]

Thank you again.

Thank you,

Ellie Punchard
