The Chairman of Scrutiny's Review

This report is to inform Council of the work of Scrutiny Committee during 2022/23.

The scrutiny function acts as a critical friend on behalf of the community, to improve services and decision-making inside and outside of the Cabinet. The Scrutiny function belongs to the whole Council but is different from other committees in that it is Member-led and evidence-based, with most of Scrutiny's Work plan being decided by Committee members, responding to concerns of elected members and the public.

I have been honoured to serve as Chair since October 2021 and would like to thank all members of the Committee for their hard work and dedication.

This year, like last year, has been equally as busy as the Scrutiny Committee has considered a number of topics which are summarised on pages 5 to 10. Members have also continued to deliver the Scrutiny agenda as set out in the Annual Work Programme at the start of the Municipal Year.

The Committee has provided comment and feedback, as consultees, to Cabinet, including the budget in January. Scrutiny has also provided input in areas of policy development including the Asset Development Programme and the Leisure Procurement Strategy.

I am very grateful to the Officers in Democratic Services who have supported the work of the Committee members, in particular the Council's Scrutiny Officer, Adam Green.

Scrutiny in Melton - Overview

In May 2019 Melton Borough Council formally adopted the Executive Model of Governance and established a Scrutiny Committee to carry out the functions as listed below. The Scrutiny Committee has held 12 meetings and 6 workshops and provided comments for consideration by Cabinet on 14 occasions during the 2022/23 Municipal Year.

In summary the main functions of Scrutiny set out in [Chapter 2, Part 10](#) of the MBC Constitution are to:-

- review and scrutinise decisions made, or other action taken, in connection with the discharge of any function.
- make reports or recommendations to Council or the Cabinet as appropriate with respect to the discharge of any function.
- recommend that a decision made but not yet implemented, be reconsidered by the Cabinet through the Call In Procedure.
- fulfil all the functions of the Council's designated Crime and Disorder Committee under the Police and Justice Act 2006.
- fulfil all the functions conferred on it by virtue of regulations under the National Health Service Act 2006 (local authority scrutiny of health matters).

In addition to the entry in the Constitution, another important reference point for the functions of Scrutiny and how the function interacts with the Cabinet is the Executive Scrutiny Protocol.

In May 2019 the Government published Statutory Guidance on Overview and Scrutiny in Local Authorities which promoted a formal working agreement between the executive and the scrutiny function in the form of a protocol. The guidance suggested that an Executive Scrutiny Protocol can help to define the relationship and expectations between the Cabinet and Scrutiny Committee to ensure that the two can work together in a positive and productive way.

The Protocol was approved by the Scrutiny Committee on 3 November 2020 and Council approved the protocol on 17 December 2020, it is now included in the Constitution.

The Protocol provides a framework that deals with the practical expectations of Scrutiny Committee Members and the Executive, as well as the cultural dynamics of the Council. It also helps define the relationship between the two and mitigates any differences of opinion before they manifest themselves in unhelpful and unproductive ways. The benefit of this approach is that it provides a framework for disagreement and debate, and a way to manage it when it happens.

The Committee are keen to ensure that the Scrutiny function at Melton Borough Council remains outcomes focused and that following implementation, the impact of its recommendations are monitored and reported back to the Committee and all Members.

Since December 2021, Scrutiny have adopted the workshop approach. Members appreciate this approach because it is an opportunity to assist in the development of policy, as well as scrutinise a number of topics and provide feedback on them, which wouldn't have been possible previously.

- Regarding a comment made about the Insulate Britain and Just Stop Oil activists, the PCC informed Members that Police Officers must act within the law and that is why removing such protests can take a while.

Scrutiny Reports to Cabinet

In accordance with the Scrutiny Procedures Rules, the Scrutiny Committee may report to Cabinet under Item 4 of the Cabinet Agenda – Matters Referred from Scrutiny Committee in Accordance with Scrutiny Procedure Rules.

The Chairman of Scrutiny has formally reported to Cabinet on behalf of the Committee on the following items:

Draft Town Centre Vision – 16 June 2022

The Draft Town Centre Vision was presented to the Scrutiny Committee on 6 June 2022. The Chairman stated that Members were not initially aware that the vision was a background document until it was confirmed later in the meeting. Other points raised were as follows:

- Concerns were raised over the use of consultants.
- Questioned the funding source for the projects.
- Expressed disappointment that the Council had not successfully engaged with the landlords of the Bell Centre before adding the property into the vision.
- Mentioned that youth services should figure more prominently.
- Vision is good, however it needs to be more focused.
- Good to see Pera included.
- Concerned that car parking was mentioned as there isn't a strategy for car parking.
- Concern that there would be more investment for the cattle market and thereby directing resources away from the town centre.
- Even though Melton Mowbray is the rural capital of food, the food offer was limited.
- The language of the document was concerning, especially the reference to the economy being low wage. Was seen as 'talking down' the town and borough.
- The short timeframe was questioned.

In receiving the feedback, the Portfolio Holder for Growth and Prosperity welcomed the points raised and added that they would add value to the final document. The Chairman commented that the reference to the economy being low wage was factual information when reviewing the statistics. The point was also made that the Bell Centre had been added to the vision prior to consultation as it formed part of the strategy. The Cabinet agreed to have regard to the Scrutiny Committee's feedback.

Housing Revenue Account Business Plan 2022-2052 – 13 July 2022

The Housing Revenue Account Business Plan 2022-2052 was presented to the Scrutiny Committee on 14 June 2022. This was after two workshops on the topic were held, with one workshop taking place on 7 December 2021 and the other taking place on 15 March 2022. The following points were outlined to the Cabinet by the Scrutiny Chairman:

- The question was raised as to why the Asset Management Plan wasn't completed prior to the business plan, as it was felt that a better business plan would have been produced if all the assets were known.
- The purpose of HouseMark was queried.
- Concern was raised in regard to registered providers allocating affordable homes to out of area residents.
- Concern was raised regarding an overreliance on consultants to support Council work.

- As 20% of the housing stock hadn't been surveyed, the Council does not know the condition of 20% of the housing stock.
- It noted that the capital programme was underspent by 50% in 2021/22.
- Consideration should be given to what replaces demolished garages.
- It was noted that the sensitivity analysis showed some wide ranging changes in the finances and questions were raised on how the Council would cope if, for example, the government changed its policy on rent increases.

In receiving the feedback, the Leader thanked the Scrutiny Committee for their work, particularly the two workshops they have held on the topic. The Cabinet agreed to have regard to the Scrutiny Committee's feedback.

[Affordable Housing Development Plan – 13 July 2022](#)

The Scrutiny Committee considered the Affordable Housing Development Plan at the meeting held on 14 June 2022. The following points were outlined to the Cabinet by the Scrutiny Chairman:

- The cautious approach as advocated by the Portfolio Holder was welcomed, as the priority is to have enough resources to look after tenants.
- The comment was made that the Council should ensure that develops build the affordable housing they agreed to when their applications were granted.

In receiving the feedback, the Leader thanked the Scrutiny Committee for their work and commented that a shortage of affordable homes has been an issue in Melton for some time. The Cabinet agreed to have regard to the Scrutiny Committee's feedback.

[Draft UK Shared Prosperity Fund \(UKSPF\) Investment Plan Development – 13 July 2022](#)

The Scrutiny Committee considered the Draft UK Shared Prosperity Fund Investment Plan Development at the meeting held on 27 June 2022. The following points were outlined to the Cabinet by the Scrutiny Chairman:

- Concerns were raised over the state of businesses in the Borough and how the UKSPF is going to assist.
- Members raised their concerns over the Bell Centre project being included without the Council knowing whether the current owner is a willing partner.
- The Committee was supportive of the inclusion of a programme of health checks for farmers based at the cattle market.
- It was noted that projects must be prioritised as the value of the projects exceeds the amount of funding the Council is expected to receive.
- Concern was raised that three of the four projects under the People and Skills theme are being led by Leicester City Council.

- The comment was made that the Council would have to carry out sufficient due diligence to ensure the suitability of the partner.
- Funding should be directed towards the rural economy and that bonds need building with the parish councils.
- Investment in existing projects that are working and sustainable should be undertaken in order to make them more successful.
- The Council should direct funding towards a smaller number of projects and work at making those successful.
- The Council should reflect on how other local authorities are informing their residents on what they are doing and learn lessons.
- A Member commented that the bid must include support for increased cost of living, tourism and the visitor economy and rural isolation/access to services/connectivity.

In receiving the feedback, the Leader acknowledged the work of the Scrutiny Committee on the UKSPF Investment Plan Development. The Cabinet agreed to have regard to the Scrutiny Committee's feedback.

Consultancy and Agency Use – 12 October 2022

The Scrutiny Committee considered the Consultancy and Agency Use report at the meeting held on 25 July 2022. The following points were outlined to the Cabinet by the Scrutiny Chairman:

- A query was raised on whether the Council had hired a consultant/expertise to produce a report and/or recommendations in which the Council had not acted upon.
- In following the first point, the question was asked what happens to the information that isn't used.
- Concern was raised that the consultant who delivered the Health and Leisure Park presentation in January 2022 does not understand the needs or market of Melton.
- The spending figures presented was questioned and it subsequently transpired that the figures did not include spending incurred during this financial year.
- A comment was made whether the Council required additional in-house capacity as opposed to consultants.
- A query was raised as to whether the Council are receiving value for money in relation to consultancy fees spent on tourism.

In receiving the feedback, the Leader thanked the Scrutiny Committee for their hard work and diligence. In addressing the need for additional in-house support, the Leader commented that as Melton Borough Council is the 4th smallest council in the country and the Council's spending power since 2010 is 42% smaller, then this does make it difficult to employ experts and therefore consultants will continue to be used. The Cabinet agreed to have regard to the Scrutiny Committee's feedback.

Crime and Disorder – 12 October 2022

The Scrutiny Committee considered the Crime and Disorder Annual Update at the meeting held on 27 September 2022. The following points were outlined to the Cabinet by the Scrutiny Chairman:

- A comment was made that most of the discussion was focussed on the town of Melton Mowbray and that it is important not to forget that half of the Borough's population lives in the villages.

- Concern was raised that the lack of youth services within the villages has led to an increase in petty vandalism.
- It was noted that sometimes petty thefts are unreported and this is why it may seem like there is an increase in petty crime when the statistics do not confirm it. It was reiterated that it is important that people do report when crimes are committed.
- Concern was raised over the coverage of the police in rural areas particularly in response to crime.
- Gratitude for the work of the Police was expressed.
- The comment was made that early intervention is important when addressing crime and disorder issues with young people.
- Reassurance was sought that sufficient support is provided to people suffering from anti-social behaviour.
- A comment was made that the presence of the police at the hunt was excessive.
- It was thought that the Action for Melton Youth should be engaging with other youth groups.
- Concern was raised on how the Council would practically support prison leavers.
- Concern was raised that some victims are not receiving timely updates on what is happening with their cases and this has left them feeling that no one cares.

In receiving the feedback, the Portfolio Holder for People and Communities (Deputy Leader) thanked Members for the positive meeting and highlighted the importance of reporting any form of anti-social behaviour. It was noted that the Scrutiny Committee would meet with the Police and Crime Commissioner and the Leader stated that he is looking forward to receiving the feedback from that meeting. The Cabinet agreed to have regard to the Scrutiny Committee's feedback.

[Asset Management Plan \(HRA\) – 16 November 2022](#)

The Scrutiny Committee considered the Asset Management Plan (HRA) report at the meeting held on 16 November 2022. After considering the report, the Committee decided to make the following recommendation to Cabinet:

- The Scrutiny Committee recommends to Cabinet that the Council:
 - 1) Works within the remit presented;
 - 2) Prioritises reducing tenants' bills through the installation of energy saving measures;
 - 3) Removes all remaining storage heaters from Council-owned properties as soon as possible, and;
 - 4) Continues to prioritise the insulation of properties.

The following points were outlined to the Cabinet by the feedback report:

- Concern was expressed that the stock condition survey has shown that 20% of the Council's housing stock is not up to the decent homes standard.
- The comment was made that tenants who look after their property could be penalised as improvements could not be considered necessary when due.
- Concern was expressed at the number of properties with storage heaters, especially because they are known to be inefficient and expensive to run.
- A comment was made that the Council should ensure that they have sufficient number of properties required for the expected and significant increase in the elderly population.
- The plan is good and well written but more prioritisation is required.
- It noted that the Council intends to replace all aluminium windows as soon as possible.

- Members were supportive of the Council's plan to install solar panels or an alternative technology which best supports the tenant, where funding permits.
- Whilst Members support the zero-carbon agenda, they agreed that the current priority should be to support initiatives that helps keep tenants' bills as low as possible.

With regards to the recommendation, the Cabinet resolved to accept the recommendation from Scrutiny. In addition, the Cabinet agreed to have regard to the Scrutiny Committee's feedback.

Tourism in the Melton Borough Area – 16 November 2022

- In reviewing the cost apportionment for a shared Chief Executive and Deputy Chief Executives, the comment was made that whilst the cost would be shared 50/50 there are other options to base the sharing of costs. As this option would clearly disadvantage MBC, clarity was sought (and received) on why a 50/50 split was being applied.

- Members commented that the business case was too lengthy and repetitive and the suggestion was made that the business case should be slimmed down and focus on the proposition and recommendations which are due to be considered at the Council meeting on 20 December.
- Members commented that the business case lacked the financial detail to support assumptions detailed within the business case that the strategic partnership would save each Council the money through future service collaboration.
- The comment was made that by deleting a director post and sharing Senior Officers, that this may weaken management in these areas and undermine confidence with the danger that the performance of some services may deteriorate.
- Concern was raised regarding termination arrangements, particularly if there is a change in political leadership after the elections in May 2023 and subsequent change in priorities.
- A comment was made that the benefits for Harborough appeared to be greater than the benefits for Melton.
- A Member of the Committee raised a concern about the impact of sharing senior staff at a time of good progress and improvement in performance in Melton, particularly in the Housing Services.
- A concern was raised about how manageable it would be for a shared Chief Executive to manage different priorities across two councils.
- The timescales for considering the strategic partnership was questioned.
- The need to be able to monitor progress of the partnership was noted.
- The Committee raised the need to ensure that Members retain control of the decision-making process.

Scrutiny Work Programme

Scrutiny Committee reflect on the work programme at each meeting and consider any new items to be added. The work programme is developed by the Chairman and Vice Chairman in collaboration with the Committee.

The Scrutiny Committee must agree an Annual Work Programme in accordance with the Scrutiny Procedure Rules and that Work Programme may contain:

- 1) Matters which inform the development of the Council's Budget and Policy Framework.
- 2) Matters which inform the development of the Council's approach to matters not forming part of the Council's Budget and Policy Framework.
- 3) Holding enquiries and investigating the available options for future direction in policy development, matters of public concern and any other issues within their functions.
- 4) Call in of Key Decisions.
- 5) Requests by a member of the Scrutiny Committee.
- 6) Requests from the Council and if it considers appropriate, the Cabinet.

The Chairman has asked members to consider the following when proposing items to add to the work programme:

1) Scrutiny Committee Functions & Procedures Rules:

- Which Corporate Priority the item links to (Priorities attached for ease of reference)
- If the item is of significant community concern
- If the issue is significant to Partners and/or Stakeholders
- What the added value is of doing the work
- What evidence there is to support the work
- If the Scrutiny work can be completed within a proportionate time to the task identified
- If the work is being done somewhere else
- What will be achieved
- If the Council has the resources to carry out the work effectively

2) Consider:

- What?

Be prepared to provide the committee with some background information and scope of the proposed report/review.

- Why?

Be prepared to justify why the item should be considered by Scrutiny, what might be the intended outcome, why is it important in relation to the provision of services/value for money etc...?

- When?

Is the item time sensitive? What is the level of priority?

➤ Outcomes?

What value can Scrutiny add, what are likely to be the measurable outcomes, is the work already being done somewhere else?

It is hoped this guidance will ensure that Scrutiny at Melton Borough Council is outcomes focused and that the value of Scrutiny can be evidenced and results measured.
