RECOMMENDATION(S)

1. It is recommended that the Planning Application be APPROVED subject to conditions, as listed in detail at section 10 of this report.

1 Executive Summary

- 1.1 The application seeks full planning permission for a single storey rear extension to the dwelling 62 Victoria Street, Melton Mowbray. The proposal would be an adaptation to the home of a person living with a disability to provide ground floor facilities. The proposal site is within a residential area.
- 1.2 No objections have been received.
- 1.3 The proposed development is considered to accord with Policy D1 of the Melton Local Plan and the overall aims of the National Planning Policy Framework 2023.

Main Report

2 The Site

- 2.1 The application site is within a residential area that has a mix of housing design styles. The proposal site is an end terrace dwelling which has painted brickwork at the rear. The neighbouring property, 64 Victoria Street, has a two-storey rear extension that encloses the area of the rear garden to which this application relates. There are no significant variations of levels between the proposal site and neighbouring properties.

3 Planning History

- 3.1 The site has no recent planning history.

4 Proposal

- 4.1 Full planning permission is sought for a single storey rear extension. The extension would be attached to the main dwelling and extend 3250mm from its rear elevation with a width of 3000mm. The flat roofed extension would be 3570mm in height. Proposed materials would match the existing dwelling. The proposal would provide a ground floor bathroom space.

5 Amendments

- 5.1 No amendments have been made to the original submission.

Melton Local Plan

The Melton Local Plan 2011-2036 was adopted by Full Council on 10th October 2018 and is the development plan for the area. The Local Plan is consistent with the National Planning Policy Framework and whilst it is now being updated, its policies remain relevant and up to date for the determination of this application. The relevant policies to this application include:

- Policy D1: Raising the Standard of Design

Neighbourhood Plan

- No neighbourhood plan

7 CONSULTATION RESPONSES

- 7.1 No comments have been received.

8 PLANNING ANALYSIS

The main considerations are

- 8.1 Principle of Development
- 8.2 Impact upon Neighbouring Amenity
- 8.3 Design

Principle of Development

- 8.4 Melton Local Plan policy SS1 sets out a presumption in favour of sustainable development which is reflective of the National Planning Policy Framework (NPPF). Where planning

applications are in accordance with the relevant planning policies of the Development Plan they should be approved without delay unless material considerations indicate otherwise.

Impact upon Neighbour Amenity

Policy D1 of the Melton Local Plan seeks to protect the amenity of neighbouring properties. The proposal is for a single storey rear extension. Proposed openings would not result in overlooking impacts. The neighbouring property 64 Victoria Street has a large two storey extension with no openings that would be impacted by the proposal, as is illustrated in the below photographs. It is therefore considered that the extension would not have an undue impact upon the amenity of neighbouring properties. As such, the proposal is considered to comply MLP Policy D1.

Design

- 8.4.1 The proposal is a single storey rear extension that is subservient in scale to the host dwelling and proposed materials are to match existing dwelling and local vernacular. Given these factors, it is considered that the siting, scale, and appearance of the proposal is consistent with the design principles set out in MLP Policy D1.

9 CONCLUSION FOR RECOMMENDATION

- 9.1 The application is recommended for approval. The proposal accords with MLP Policy D1 and is considered to not have an undue detrimental impact upon neighbouring amenity and it acceptable in terms of its design.

10 Planning Conditions

- 10.1 The development shall be begun before the expiration of three years from the date of this permission.

Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by S51 of the Planning and Compulsory Purchase Act 2004.

10.2 The development hereby permitted shall be carried out in accordance with the details outlined within Existing and Proposed Plans with Elevations (Drawing number R3537-005) and the Application Form received by the Local Planning Authority on 8th August 2023.

Reason: To ensure a satisfactory form of development and for the avoidance of doubt.

10.3 The external materials to be used in the development hereby permitted shall be in strict accordance with those specified in the application and as detailed on the Application Form unless alternative materials are first agreed in writing by the Local Planning Authority. The development shall be carried out in strict accordance with the approved details.

Reason: To ensure a satisfactory standard of external appearance.

Informatives

10.4 This decision has been reached taking into account the requirements of paragraph 38 of the National Planning Policy Framework in approaching decisions on proposed development in a positive and creative way. The Local Planning Authority has endeavoured to use the full range of planning tools available to work proactively with applicants to secure developments that will improve the economic, social, and environmental conditions of the area seeking to approve applications for sustainable development where possible.
