

26th February 2025

To Lydia Rusling.

I hereby raise my objections to the proposed changes to the table of fares.

I agree fully to the planned night rate time changes, as this is in line with out of hours timings elsewhere.

I disagree with the increase in the actual tariff changes. I feel that local council approved Taxis should remain cheaper than Uber, therefore making them most people's first choice, retaining the income to the local businesses as opposed to a larger company.

Also I object to the fact that there is no Christmas Eve and New Years Eve rate for 5 or more passengers.

Regards
