

Dear James,

Many thanks for your e-mail.

I have looked again at my report and working notes on this matter. The Parish Council is correct that it was my intention to restructure the policy but to retain all the projects in the submitted Plan as set out in the policy. There is no reason why I considered that some met the basic conditions and some did not.

Please accept my apologies. There is no practical reason why all the projects should not be included in the modified policy. I am happy for you to use this e mail as an audit trail to this effect. Otherwise I will be happy to send a corrected version of the report (with three replaced by eight in 7.111)

Kind regards,

Andrew Ashcroft

Many thanks,

Subject: Point of clarification on Examiner's report

Good morning James

In completing our draft to make the changes recommended by the Examiner, we have encountered one point which is not consistent with our Reg16 document. Therefore we would appreciate clarification from the Examiner.

The item is on Policy DC1 and noted in the report on Page 36.

The Examiners report references three priority projects in 7.108, 7.109 and asks that the three projects are listed in Policy DC1.

The Reg16 NP included a list of eight projects spread across pages 88 and 89 in Policy DC1. We assume that the additional projects on page 89 were missed in the Examiner's comments and would like to include all these in the redrafted Policy DC1.

Please will you approach the Examiner to review this if possible.

Many thanks
Carole Brown
