JOINT REPORT OF DIRECTOR FOR CORPORATE SERVICES AND INTERIM DIRECTOR FOR GROWTH & REGENERATION

HOUSING REVENUE ACCOUNT (HRA) PROVISIONAL YEAR END POSITION 2017-18

1.0 PURPOSE OF REPORT

- 1.1 To provide Members with information on the provisional year end position for 2017-18, which is subject to external audit certification, and the implications for the working balance on the HRA.

2.0 RECOMMENDATIONS

It is recommended that:

- 2.1 **The variations to the 2017-18 original estimates and the latest approved estimates as set out in the attached paper and the effect on the working balance are noted.**

3.0 KEY ISSUES

- 3.1 The report shown in Appendix A compares the provisional year end position for 2017-18 to the original estimate set in January 2017 and the approved estimate (the original estimate as adjusted by supplementary estimates, virements and budget reductions authorised during the financial year). The approved estimate is the authorised budget for spending purposes. The report also shows the resultant effect on the working balance of the HRA (line 48) and reasons for major budget variations. It should be recognised, however, that the figures are still subject to external audit certification.
- 3.2. The provisional year end position shows an actual surplus of income over expenditure of £480,510 (line 45); an underspend of £540,420 against the approved budgeted deficit of £59,910 (line 45) and a resulting working balance of £1,666,529. There are a number of budget variances that make up this underspend; the details for which are outlined in Appendix A attached. Only those in excess of £10k have been commented on in line with financial protocols.
- 3.3 As part of the budget monitoring and review process all budget holders have been requested to provide reasons for significant variations against their latest approved budget on individual service accounts. A full set of the more detailed explanations will be available at the meeting or Members can contact Finance in advance if there are any particular queries.
- 3.4 There have been no significant changes to the accounting requirements of the HRA Accounts during 2017-18.
- 3.5 The HRA budget is a complex and large budget; as such it is monitored on a monthly basis as a key service. The operation of the HRA is governed by the Local Government and Housing Act 1989 and one of the key requirements is that the Council will produce and publish an annual budget for the HRA which avoids a deficit; and the Council has a duty to review, and if necessary revise that budget from time to time.

If it appears that the HRA is heading for a deficit then all reasonable and practicable steps must be taken to avoid a deficit position at the year end.

	B	High			2,3	
	C	Significant				
	D	Low			1	
	E	Very Low

IMPACT

Risk No	Risk Description
1	Repairs to overspend on budget in future years
2	Performance on collection of current, former and late tenancy arrears is affected by welfare reform changes
3	Economic climate and welfare reform changes cause hardship on tenants causing higher levels of rent arrears

9.1 The HRA is a high risk service account that the Council has a duty under the Local Government and Housing Act 1989 to ensure that it avoids being in a deficit situation. This requires that effective budget monitoring procedures are set in place to monitor HRA expenditure and income against the budget and careful consideration is given to determining the level of the working balance.
