

Priority 1	Crime and Anti Social Behaviour		
Headline Indicator	Understanding the causes of crime and Anti Social Behaviour		
Objective	Action	Success Measure	Timescale
<p>Work with our voluntary agencies and others to address substance misuse etc</p> <p>For instance, Police and NHS but with Turning Point as our lead</p>	<p>Engage with individuals and the community more effectively</p> <p>Work with our partners in the Criminal Justice System to understand perpetrators</p> <p>Work with voluntary sector agencies to inform work regarding mental health, finance worries, drug misuse etc</p> <p>Understand the availability of resource and techniques to address underlying causes</p> <p>Work with schools and education trusts to identify triggers at an early point</p> <p>Improve data sharing</p>	<p>Increased referrals to both internal and external agencies</p> <p>Richer data pool regarding impact factors such as mental health, substance abuse and economic changes</p> <p>Long term evolving reduction in crime and ASB levels</p>	<p>Throughout the period</p> <p>Initial contacts to be made as soon as possible with our approved partners</p> <p>The appointment of new, community based employees through period 2 & 3</p> <p>Then ongoing into the future to underpin our strategy</p>

Whilst the CSP recognise that 'Crime and Anti Social Behaviour' is a vast subject to tackle, it intends to be flexible to demand and concentrate on core issues as daily priorities but in times of need, be robust and pliable to allocate resource to specific areas such as preventative measures for violent crime increase during the period of the football World Cup.

Priority 2	Predict, Prepare and Prevent		
Headline Indicator	Respond to the patterns and fluctuations of crime and anti social behaviour		
Objective	Action	Success Measure	Timescale
<p>Successfully implement preventative work around identified 'hotspots' and known perpetrators</p> <p>Working closely with the Police as our lead agency</p>	<p>To provide robust geographical and seasonal data to better understand patterns</p> <p>Use this data to properly identify trends</p> <p>Allocate resource to proactively campaign and upskill residents to prevent spikes in crime/ASB</p> <p>Share information with partners to enable more effective and co-ordinated resources</p> <p>Identify funding opportunities to support resource as and when required</p>	<p>Richer databank captured from a wider range of sources including geographical data and hotspots as well as perpetrators</p> <p>Effective allocation of resource</p> <p>Reduction in overall levels</p> <p>Smaller spikes in crime and ASB at seasonal periods</p>	<p>Seasonal campaigns locally and nationally as appropriate</p> <p>Quarterly reviews to ensure appropriate measures in place</p>

The CSP understand that to eradicate Crime and ASB is an impossible task but note that there are large seasonal fluctuations in crime such as acquisitive crime in the run up to Christmas and increased reporting of noise nuisance ASB during periods of warm weather. It is the intention of the CSP to be better prepared for these events in order to minimise the impact on the wider community.

Priority 3	Support Vulnerability		
Headline Indicator	Recognise mental health, economic and other pressures		
Objective	Action	Success Measure	Timescale
<p>Work with mental health agencies and voluntary organisations</p> <p>Creating pathways through our social care teams internally</p>	<p>Improve Case Management Techniques and encourage greater 'ownership' of issues</p> <p>Forge closer working relationships with substance misuse agencies</p> <p>Empower residents to become more self-sufficient and resilient</p> <p>Improve data sharing where vulnerabilities are identified</p> <p>Ensure reporting and case management tools, such as Sentinel, are fit for purpose</p> <p>Establish checks to make sure appropriate onward referrals are being made and followed up correctly</p>	<p>Increased number of ongoing referrals</p> <p>Closer working partnership with the NHS particularly areas concerned with mental health</p> <p>Reduce intermittent/resource heavy demand</p> <p>More efficient referrals onto appropriate safeguarding pathway</p> <p>The development of a fit for purpose, multi-agency data sharing vehicle (Sentinel or other)</p>	Ongoing with constant review

Priority 4	Horizon Scanning		
Headline Indicator	Increase awareness of Cyber Crime and it's links to bullying, CSE, Modern Slavery and other Crime		
Objective	Action	Success Measure	Timescale
<p>Encourage self-awareness of evolving crime trends which could negatively impact healthy, functioning communities</p> <p>Internal partnerships and opening routes of referral interdepartmentally</p>	<p>Be sighted of future legislative and technological changes and advances</p> <p>Be mindful of cultural impact factors and wider drivers such as Brexit</p> <p>Engage with youth organisations and younger residents to better understand behaviours and pressures</p> <p>Educate ourselves and others on the links between cyber crime/bullying/cse/mental health</p> <p>Ensure CSP is focussed on future changes/evolving technology</p> <p>Ensure training is adequate to identify and respond to need</p>	<p>The success measure of 'future-proofing' is not definable however by being able to respond to need, without being taken by surprise, will be classed as success and will evolve with the annual action plans</p>	<p>0 – 5 years initially</p>

Priority 5	Community Focus		
Headline Indicator	Targeted Action to Four Strands		
Objective	Action	Success Measure	Timescale
<p>Commonly identified by our community, the following four strands will underpin our daily priorities:</p> <p>Substance Misuse</p> <p>Domestic Violence</p> <p>Mental Health</p> <p>Speeding and other traffic offences</p> <p>Gaining knowledge and support for our resident participation officer and resident groups such as TFEC</p>	<p>Improve relationships with voluntary and partner organisations who are professionals in the targeted strands</p> <p>Facilitate and encourage Fatal 4 operations in partnership with the police</p> <p>Engage with residents and transient communities to ensure the priorities remain accurate</p> <p>Strive to reduce incidents in the four strands that cause harm to our community</p>	<p>Faster and more effective response to incidents</p> <p>Changing priorities or reduced reporting of issues from communities</p> <p>Positive feedback</p> <p>Earlier recognition of arising issues</p>	Ongoing

The CSP constantly seek feedback from both our residents and visiting population about what is important to their experience of Melton. These four strands are almost exclusively repeated throughout that feedback and the CSP will seek to prioritise them and minimise their impact.
